PRODUCT CATALOGUE

LOCOMOTIVES & GENERAL INDUSTRY

VACUUM & COMPRESSOR PUMPS / **PNEUMATIC CONTROLS** / **SPARES** / **LUBRICATION**

Vacuum Pumps

Auxiliary Compressor – for Lifting Pantographs

Air Horns

Wiper Systems

IMFUYO Manufactures and Supplies the following Components for various Locomotives

1. Battery Timer
2. Blocking Diode
3. Charger Module
4. Sinewave Inverters
5. Snubber & Interlock Kit
6. Wiper Motor Controller
7. 6E Multi-Rack

18E Power Rack

19 inch rack mountable housing assembly for various Imfuyo 18E products.

the products on the Rack are:-

- 1) 18E Sinewave Inverter
- 2) 18E Wiper Controller
- 3) Battery Timer
- 4) 18E Charger

The Power rack comes fully equipped

6E Locomotive Multi Rack

- Power-Rack (unpopulated)
- 19 inch rack completely wired but with no slide-in equipment

18E Locomotive Sinewave Inverter

- 5Kva pure sinewave inverter
- Converts a DC bus-supply into an AC source

18E Locomotive Charger Module

- Supplies a steady charging voltage to a lead acid battery bank
- Current limiting is applied as well as over-temperature protection

18E Locomotive Wiper Controller Card

- Controls two wiper motors
- Supplies a 12Vdc auxiliary supply
- All outputs are equipped with over-current protection

Lubricants – Synthetic Oil

18E Locomotive Blocking Diode

- Used as linkage to jump-start a crippled locomotive from a healthy locomotive
- Can also be used to charge the crippled locomotive batteries

**Gasket 10 Core Receptacles
079200201**

**Gasket 2 Core Receptacles
079200205**

**Gasket Body and Receptacle
079200206**

**Gasket 10 Core Dummy
084178-1**

**Gasket 2 Core Dummy
0484179-2**

**Ring Gland
2090H03008**

**Gasket 2-Core Receptacle
2090H04007**

**Gasket 10 Core Receptacle
2090H06003**

Rubber Cleat
77871027-0

Grommet 20mm
